VP, Tax Compliance Services

Avalara

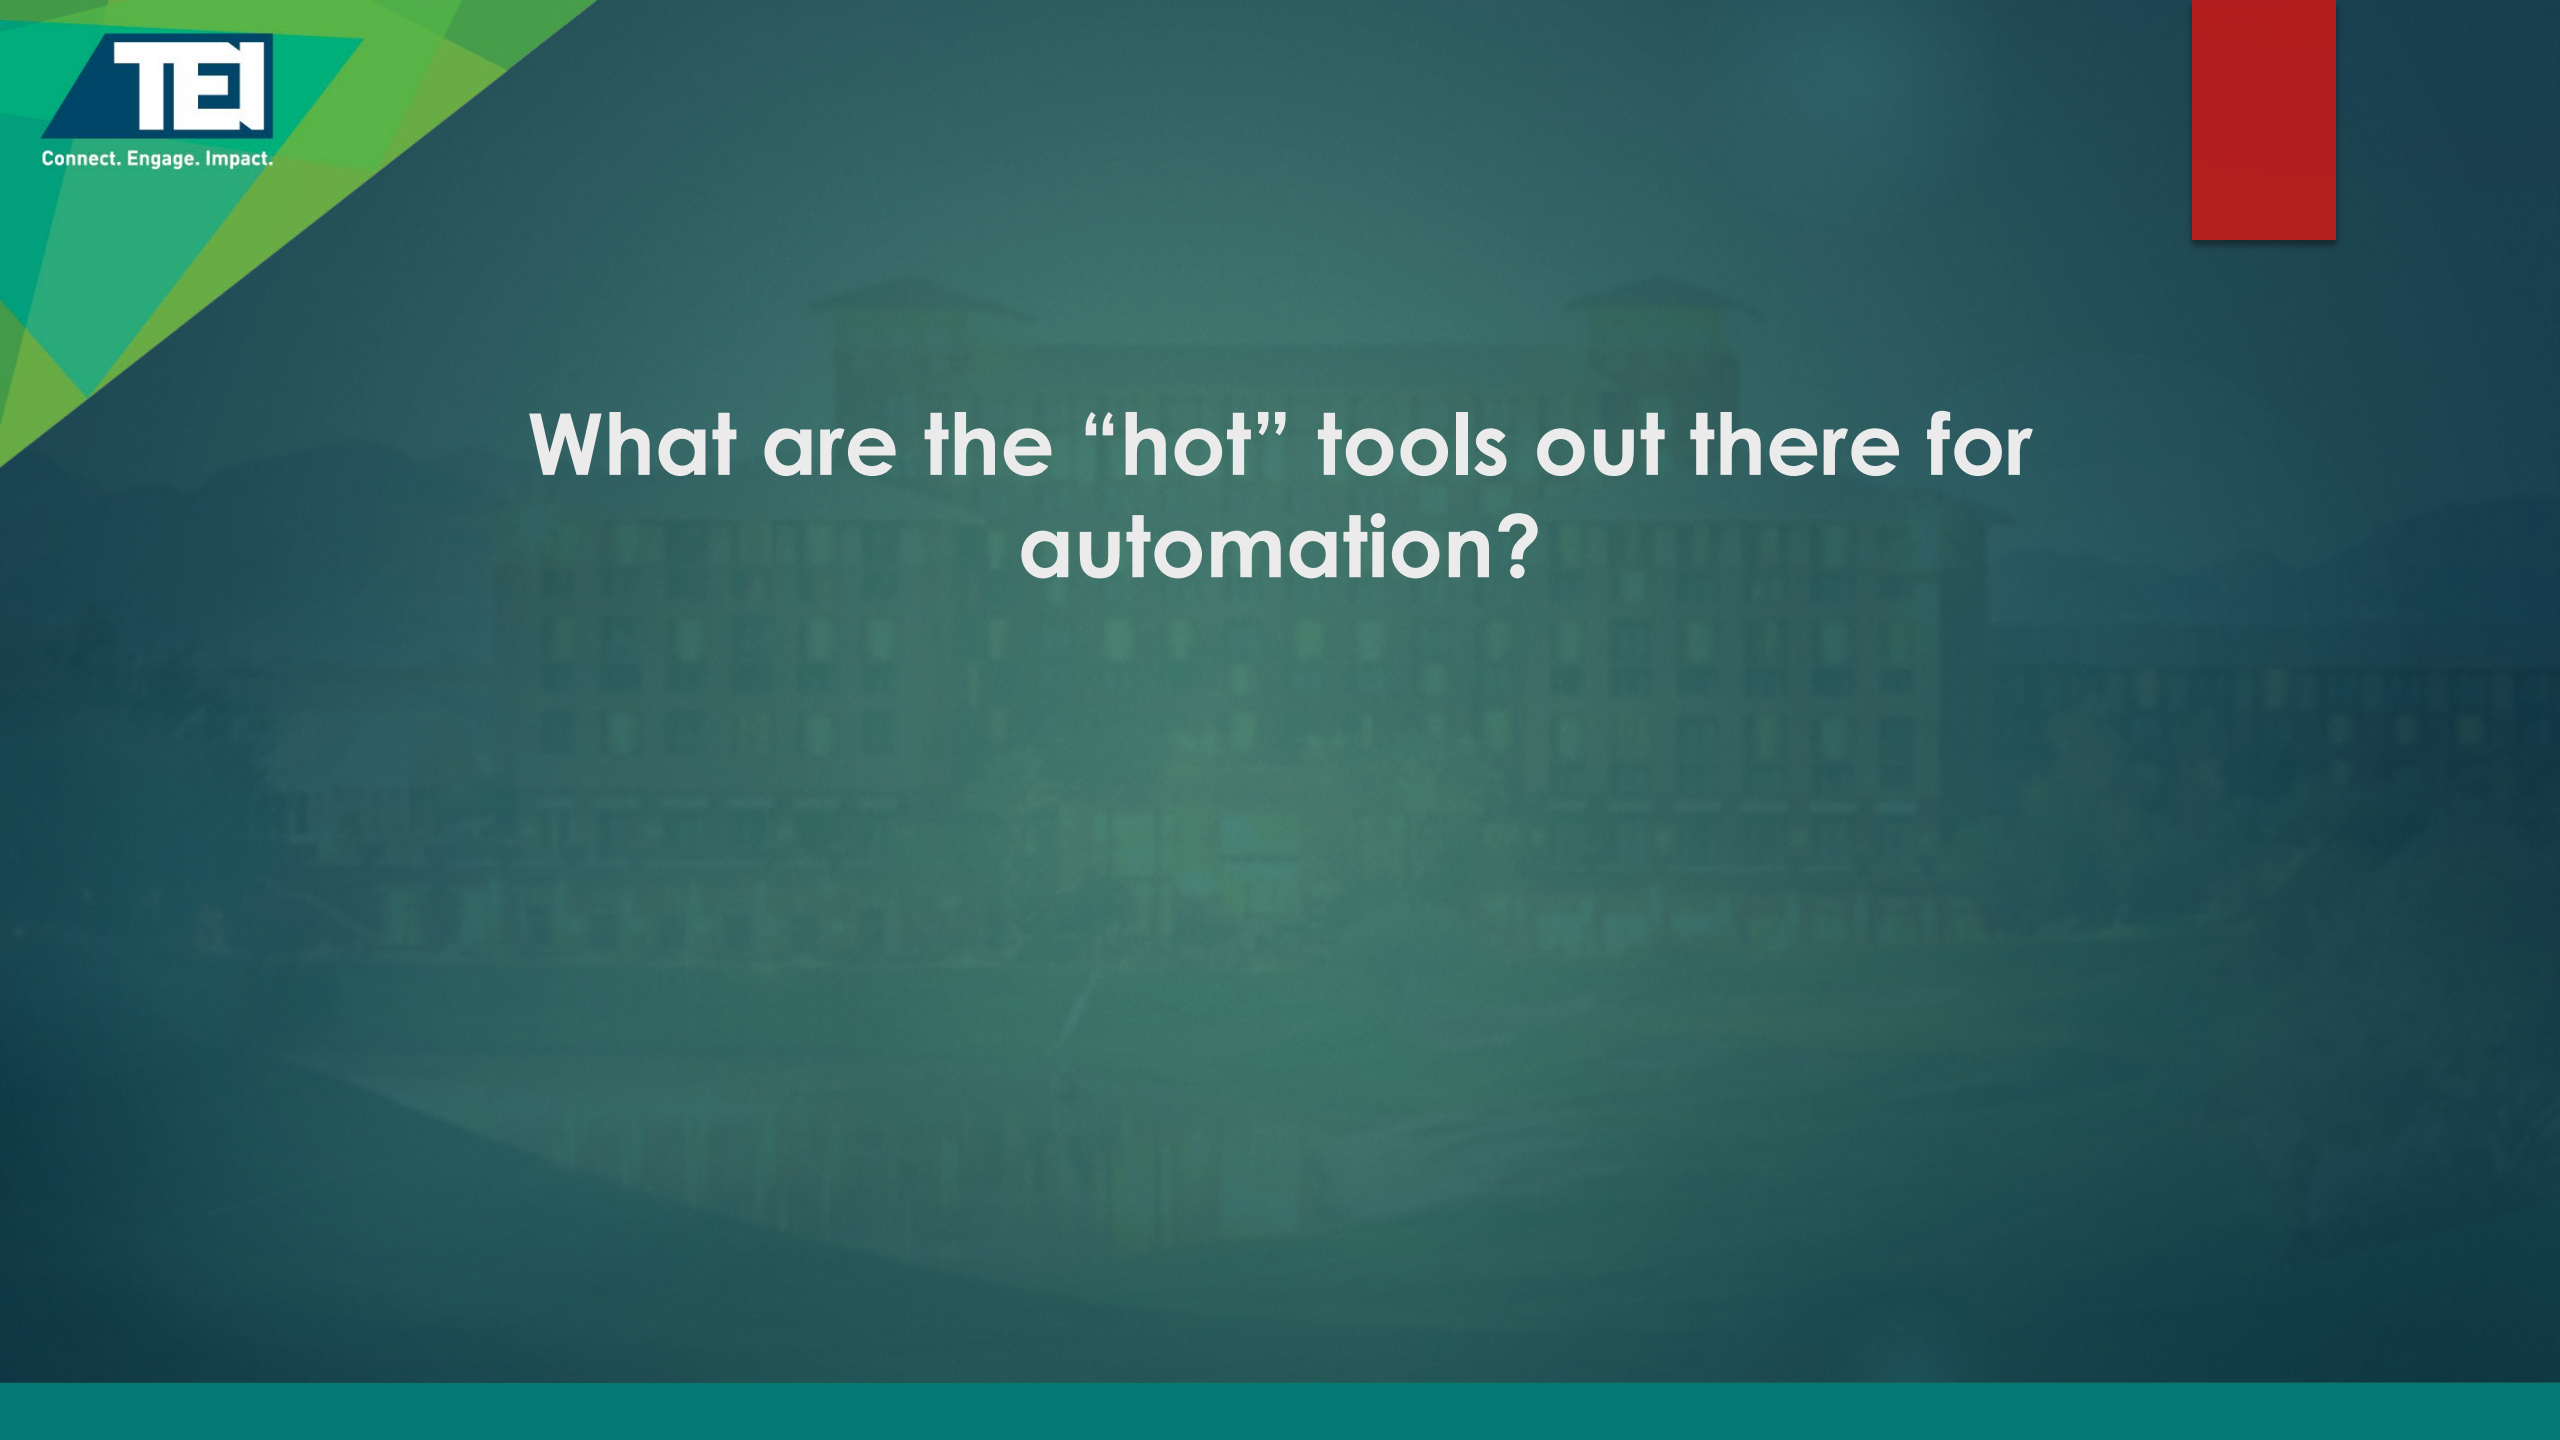

The background of the slide is a dark teal color. In the center, there is a faint, light-colored image of a classical building with columns and a pediment, possibly a government or institutional building. The text is overlaid on this background.

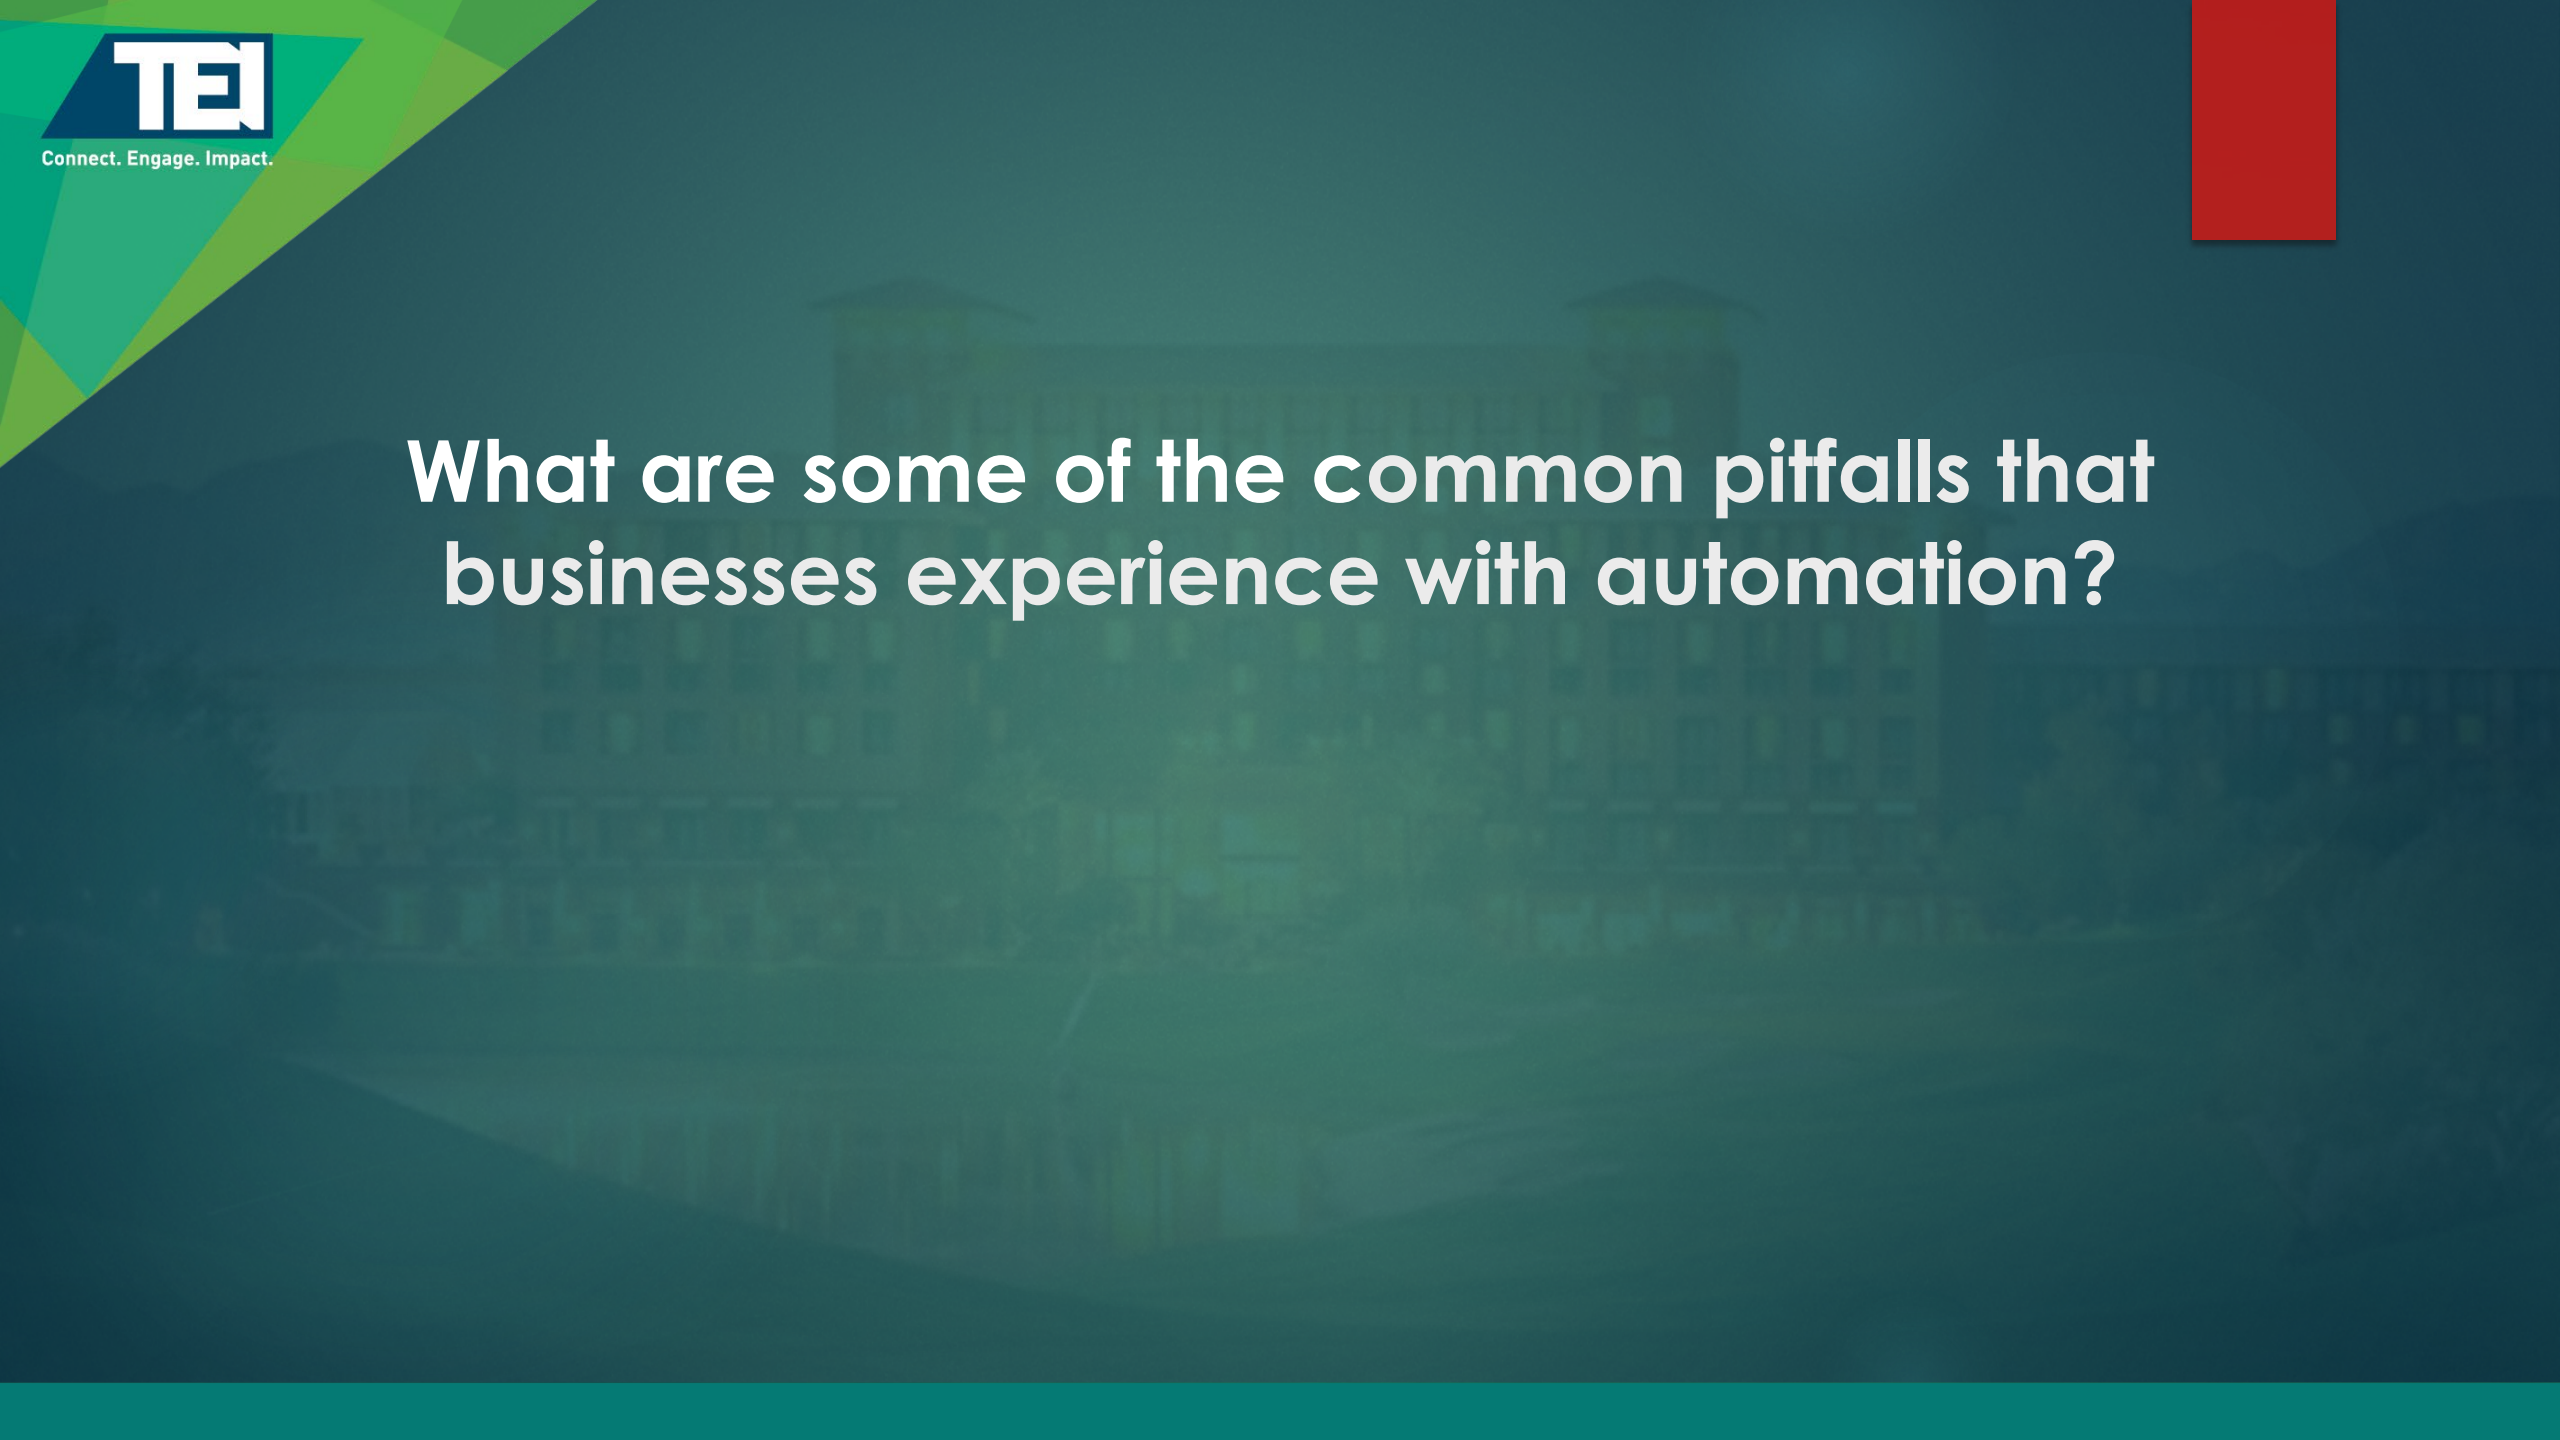

What common SALT areas/themes do most companies struggle with and what are some of the “solutions” for these with process and/or automation?

The background of the slide is a dark teal color with a faint, large-scale image of a classical building, possibly a government or institutional structure, with multiple windows and a central entrance. A solid red vertical rectangle is positioned in the top right corner.

How can companies think about beginning their Digital transformation?

The background of the slide is a faded, dark teal image of a large, multi-story building with many windows, possibly a school or government building. The building is centered in the background and its details are softened by the overlay.

What are the “hot” tools out there for automation?

What are some of the common pitfalls that businesses experience with automation?

How can businesses keep up with the ever-changing tax compliance landscape - current and future trends?
